PROJECT ARCHITECT POSITION

MODUS Architecture seeks a talented and motivated professional to join our growing Dallas Studio. This position will allow for collaboration in a broad range of projects while growing alongside team members.

We place great value on communication and collaboration because they are the core attributes that guide each project and client relationship towards a successful outcome.

RESPONSIBILITIES:

- Participate in all aspects of the project from Conceptual Design to Project Completion, while assisting project designers in specific technical aspects of overall design.
- Develop technical documentation for Interior and Core/Shell projects.
- Contribute to the advancement and development of project standards across our Healthcare, commercial and hospitality markets.
- Mentor and guide the development of team members.
- Contribute towards an environment of trust, constructive feedback and productive relationships with our clients, consultants, and team members.

REQUIREMENTS:

- Bachelor's degree in Architecture or related design field.
- 8+ Years of experience in technical design coordination.
- Proven experience in project documentation and implementation.
- Ability to develop Project schedules and staffing plans.
- Ability to lead coordination with project consultants and engineers.
- Strong and effective written and verbal communication.
- Working experience with Revit and Project documentation.
- Mastery of Building Codes, Ordinances and City Process.
- Submit MODUS employment application for consideration.
